

FOR THE PLANET

This effort is 100% bootstrapped from tiny grants and royalty revenues. Although we are not actively cultivating donations at this time, we welcome contributions to our stamp fund. We have a database of nearly 1 million mineral rights owners and we want to reach out to every single one of them (eventually). Stamps are now 63 cents each!

Please make out checks to our fiscal sponsor:
Arts and Ecology, Inc.

And mail your fabulous donation to:
c/o Landman for the Planet
226 Prospect Park West #203
Brooklyn, NY 11215.

We will send you with a receipt for your donation. All of your donation will support our outreach efforts. For now, we have overhead covered.

Landman for the Planet is a fiscally sponsored project of Arts and Ecology, Inc., a 501(c)(3) nonprofit organization, EIN no. 47-3740974. Contributions are tax-deductible to the fullest extent allowed by law.

Eliza Evans, PhD, MFA
Mineral rights owner, climate activist, artist
