

# BREMSKERL CV

Too many fleets are not achieving the life they should from air disc brakes.

## Bremskerl CV has the solution

with rotor friendly brake pads that optimize life while maintaining safe stopping and keeping brake noise to a minimum. Proven over millions of miles by national fleets.

Slot increases surface contact, provides a small gap for gas to escape and acts as a visual wear indicator

Green coating increases out-of-box braking effectiveness

Genuine Bremskerl

Expanded steel mesh and adhesive layer provide secure mechanical attachment to backing plate ensuring no separation

Backing plate designed to correct thickness

Outstanding rotor condition after use with BK8043

If the pad is not **Green**, it's not Bremskerl.

Let us help you achieve more uptime and lower your maintenance costs by reducing the number of pads and rotors you change.

Formula	BK8043 Premium	BK8048* Long Life	BK8049 Transit
FMVSS 121 Approved	23K	23K	28.6K
LeafMark™			
Application	Truck, Trailer, Refuse, Ready Mix, School Bus and Coach Bus	Truck, Trailer, Refuse, Ready Mix, School Bus and Coach Bus	Transit Bus
Benefits	Copper-free formulation providing excellent pad life, stable friction and low noise for over the road and severe duty applications.	Exceptional brake pad life, stable friction and low noise ideal for a wide range of applications.	Copper-free formulation designed for the high-duty cycle of transit buses.
<b>Brake pad transfer layer + uniform mixing technology = Extended Rotor Life</b>			

\*Not available for sale in CA/WA

The LeafMark™ is a trademark of The Motor and Equipment Manufacturers Association.

**Bremskerl CV air disc brake pad kits are designed for today's trucks, buses and trailers. Each kit includes 4 brake pads and installation hardware.**

Let us help you select the best brake pad formula for your fleet.
