Philosophy of the Northern Indiana Power from the Past, Inc.

The functional purpose of this corporation is to preserve, rejuvenate, and display antique farm machinery and any other form of machinery utilized in the growth of the U.S.A. Further, it is the intention of the corporation to foster and perpetuate in the minds of all Americans respect, interest, and recognition of the vital role that different forms of machinery, no matter what their power source, have played in the development of our society as a whole

During the week of the show, you can reach us at: 574-946-4841
Mailing address is: NIPFTP P.O. Box 78, Winamac, IN 46996

**We look forward to seeing you next year
from July 16th to 19th, 2026!**

Each year, The Power From the Past awards scholarships to students who are pursuing higher education in agriculture. We also acknowledge the youth who dedicate their time to support show initiatives

Come be part of the action!
Reach out to a blue shirt at the show to learn how.

Every July, a wave of nostalgia sweeps through the Winamac town park as club members showcase an antique threshing machine.

Jump on a horse pulled wagon ride around the beautiful park grounds to see the sights and enjoy your time.

See an antique saw mill in action at the daily demonstrations.
