MONDAY MORNING

BANQUETING HALL	SKALKOTAS HALL	MC2 HALL	MC3 HALL	MC3.2 HALL	MC3.3 HALL	MC3.4 HALL

8:30 — 10:00

Plenary A: The effects of research integrity on innovation and policy making
Chair:
• Panagiotis Kavouras, National Technical University of Athens
Keynotes:
• "Cautionary tales from Metascience", Daniele Fanelli, Heriot-Watt University
• "A Quality System approach to Research Integrity", Anja Gilis, Johnson and Johnson Innovative Medicine
• "Research integrity at the interface with policy-making", Theodoros Karapiperis, EuroScience

10:30 — 12:00

BANQUETING HALL	SKALKOTAS HALL	MC2 HALL	MC3 HALL	MC3.2 HALL	MC3.3 HALL	MC3.4 HALL
Focus Track (Part 1): Catalysing the translation of research into trustworthy policy and innovation Chair: • Daniel Barr, RMIT University Core group: • Panagiotis Kavouras, National Technical University of Athens • Daniel Barr, RMIT University • Eleni Spyrakou, National Technical University of Athens • Maura Hiney, UCD Institute for Discovery	**Symposium 1: Leadership in promoting a research culture with integrity in institutions** Moderator: • Tamarinde Haven, Tiburg University Contributors: • Seán Lacey, Munster Technological University • Dena Plemmons, Univeristy Of California, Riverside • Bob Siegerink, Leiden University Medical Center	**Symposium 2: The impact of generative AI on integrity in education, research, and the translation of research into policy** Chair: • Sonja Bjelobaba, Uppsala University Contributors: • Sonja Bjelobaba, Uppsala University • Sarah Elaine Eaton, University of Calgary • D.J. Anning, Elsevier • Tomas Foltynek, Masaryk University	Session Chair: Anna Abalkina, Freie Universität Berlin **The Next 10 Years at the U.S. Office of Research Integrity: Joining the International Research Community March into a New Era.** Sheila Garrity, ORI, U.S. Dept. of Health And Human Services **Implementing a national survey on research misconducts: how does data collection lead to standardization of norms?** Carole Chapin, High Council For The Evaluation Of Research And Higher Education **Equity and Health Research Priority Setting: Developing WHO Guidance** Katherine Littler, World Health Organization (WHO) **Key aspects of implementing parallel-arm cluster randomized trials in low- and middle-income countries: a review of 300 trials published 2017-2022.** Cory Goldstein, Ottawa Hospital Research Institute **Stakeholders' attitudes and perceived ethical challenges of returning individual pharmacogenomics research results among people living with HIV (PLHIV)** Sylvia Nabukenya, Makerere University **Future Proofing Research Integrity Post COVID19 Pandemic** Wendy Lipworth, Macquarie University	Session Chair: Danny Chan, The University Of Hong Kong **The long road from research misconduct to disciplinary sanction. A 30-year review of case law in French higher education** Nicolas Klausser & Olivier Leclerc, CNRS **25 years of experience with the Ombudssystem and Ombudspersons in Germany – what has been achieved and what still needs to be achieved?** Kirsten Huettemann, Deutsche Forschungsgemeinschaft **In favour for a responsible and ethical research: the French national research funding agency (ANR) evaluation criterion on sex and/or gender dimension in research content** Laurence Guyard, Agence Nationale de la recherche **On the contractual and social legitimacy of research integrity offices in small research ecosystems: experiences and recommendations...** Tom Lindemann, Luxembourg Agency For Research Integrity **Transition to Open Science. Advances in integrity and reproducibility of research in the Spanish university system** Fernando Casani, Universidad Autónoma de Madrid **Creating a Research Integrity Code of Conduct for East and Sub-Saharan Africa - A Scoping Review and Ethical Analysis** Kirsten Reijbroek, Maastricht University	Session Chair: Krista Varantola, Finnish National Board On Research Integrity Tenk **Opportunities and challenges in research misconduct proceedings, an ORI's perspective** Anuj Sharma, The Office of Research Integrity **Knowledge, attitudes, practice, and environment. Summary of ten years of studies of scientific integrity in Norway** Bjørn Hofmann, University Of Oslo **Supporting integrity of the scholarly record: Our commitment to curation and selectivity in the Web of Science** Anna Treadway, Web of Science Clarivate **Towards Collaboration in the Investigation of International Cases of Research Misconduct: Issues and Recommendations** Sabine Chai, Austrian Agency for Research Integrity **Professionalizing Ombuds Work in Academia: A Practical Guide for Ombudspersons** Katharina Beier, University of Göttingen **Validated instruments for measuring responsible conduct of research (RCR): a systematic review** Mette Brandt Eriksen & Thea Drachen, University Of Southern Denmark	Session Chair: Krista Varantola, Finnish National Board On Research Integrity Tenk **An easy-to-use taxonomy for research integrity training** Mariëtte Van Den Hoven, Amsterdam University Medical Centers **Long term outcome assessment of a training in responsible research practices** Silke Kniffert, Charité Universitätsmedizin Berlin **Over Two Decades of RCR Programs: What's changed, and does it resonate within the international context?** Debra Schaller-Demers, New York University **Surveying the provision of research integrity training in Australia, the UK and the USA** Ed Gerstner, Springer Nature **Teaching research integrity sustainably - is it possible?** Michael Gommel, Team Scientific Integrity **Aligning Research Integrity with the Sustainable Development Goals (SDGs) in Undergraduate Programs: Challenges and Solutions** Mariëtte Van Den Hoven, Amsterdam University Medical Centers

BANQUETING HALL	SKALKOTAS HALL	MC2 HALL	MC3 HALL	MC3.2 HALL	MC3.3 HALL	MC3.4 HALL

12:00 — 13:30

Lunch and Poster Walks 1

13:30 — 15:00

Plenary B: The future(s) of reproducibility: how reproducibility reform improves research integrity

Chair:
• Lex Bouter, Vrije Universiteit Amsterdam and Amsterdam University Medical Centers

Keynotes:
• "Building a research culture that is open, rigorous, and reproducible", Timothy Errington, Center for Open Science (COS)
• "The Future(s) of reproducibility from different disciplinary contexts", Dr. Joeri Tijdink, AmsterdamUMC/VU University
• "The future of reproducibility from a publishers perspective", Liz Allen, F1000, Taylor & Francis Group

15:30 — 16:30

BANQUETING HALL	SKALKOTAS HALL	MC2 HALL	MC3 HALL	MC3.2 HALL	MC3.3 HALL	MC3.4 HALL
Session Chair: Eleni Spyrakou, University of Athens	**Session Chair:** Mai Har Sham, The Chinese University of Hong Kong	**Session Chair:** A. Roxana Lescano, ASOPEBAID	**Session Chair:** Julia Prieß-Buchheit, University of Kiel	**Session Chair:** Bert Seghers, ENRIO	**Session Chair:** Tony Ross-Hellauer, Graz University of Technology	**Session Chair:** Frits Rosendaal, Leiden University Medical Center
Ensuring Good Research Practices in a Time of Generative AI Niek Brunsveld, University of Amsterdam	**Challenges posed by hijacked journals in Scopus** Anna Abalkina, Freie Universität Berlin	**Artificial Intelligence-based Feature Recognition of "Paper Mill" Patterns** Tianyi Hu, Beijing University Of Post And Telecommunication	**Responsible PhD Supervision from the perspective of the supervisor and the PhD candidate** Tamarinde Haven, Tilburg University	**Negotiating RI as academic survival strategies** Andrea Reyes Elizondo, Leiden University	**Leveraging Artificial Intelligence for Assessing Responsible Research Practices** Ulf Toelch, Charité Universitätsmedizin	**Open peer review reports have higher developmental content and similarity than anonymized unpublished reports** Mario Malicki, Stanford
Research Ethics for Artificial Intelligence: The Twofold Need for Compliance Requirements and for an Open Process of Reflection and Attention Anais Resseguier, Trilateral Research	**Large-scale Flagging of Research Integrity Misconduct at Elsevier** Yury Kashnitsky, Elsevier	**The detrimental impact of Artificial Intelligence on future research integrity, unless we change course(s)** Gustaaf Cornelis, Vrije Universiteit Brussel	**Is mentorship heritable? The transmission of integrity from mentor to mentee** Kathryn Weber-Boer, Digital Science	**On the interconnectedness of psycho-social and research integrity – experiences as confidential counsellor** Fenneke Blom, Amsterdam UMC	**Academic publisher guidelines on AI usage: a ChatGPT supported thematic analysis** Mike Perkins, British University Vietnam	**Correcting the published record: How authors react to editorial prompts about corrections to cited literature** Ana Marušić, University of Split School of Medicine
The impact of generative models for text and image creation on good research practice and on research funding Deutsche Forschungsgemeinschaft (German Research Foundation, DFG)	**From reactivity to proactivity: assessing proactive ethical and integrity guidelines structures of journals with recurrent retractions** Karen Santos-d'Amorim, Universidade Federal De Pernambuco	**Findings From a Paper Mill** Svetlana Kleiner, Springer Nature	**Empowering Research Integrity: Fostering intrinsic commitment to good research practice across all academic ranks** Andrea Kliewer, PI University Hospital/FSU/Scientific Integrity	**Integrity at the core of healthy and effective research cultures: the roles and responsibilities of research organisations.** James Morris, Science Europe	**Drafting a data management plan for an international project** Martine Peters & François Vincent, Université Du Québec En Outaouais	**Redesigning reporting guidelines: presenting a new way to disseminate reporting guidance based on behaviour change theory** James Harwood, University of Oxford
	Perception of research staff on the ethical structure of a university: knowledge, use and satisfaction. Laura Bernal Sánchez, Universitat of Jaume I	**The relevance of criminological inquiry about research misconduct** Rita Faria, University of Porto	**Do we achieve anything by teaching research integrity to starting PhD students?** Kris Dierickx, Centre for biomedical ethics and law (KU Leuven, Belgium)	**Lessons from the Peruvian 'Vacunagate' Case on the Limits of Regulation in Research Integrity** Elizabeth Heitman, University of Texas Southwestern	**What academics want versus what they need** Patricia Henley, London School of Hygiene & Tropical Medicine	**AI Chatbots and the Ethics of Authorship** Robert Pennock, Michigan State University

BANQUETING HALL	SKALKOTAS HALL	MC2 HALL	MC3 HALL	MC3.2 HALL	MC3.3 HALL	MC3.4 HALL

17:00 — 18:30

Symposium 3: Implications of research integrity for public trust in academic research

Chair:
Serge Horbach, University of Athens

Moderator:
Jennifer Byrne, The University Of Sydney, NSW Health Pathology

Why warranted trust in science is never a given, while scepticism is an intrinsic component of trustworthiness – findings from the IANUS project
Hub Zwart, Erasmus University Rotterdam

On the role of mediating actors in building trust through research integrity and societal integration – findings from the POIESIS project
Serge Horbach, University of Aarhus

Re-defining the ecosystem of trust in science: the role of stewards of trust in changing research environments – findings from the VERITY project
Agata Gurzawska, Trilateral Research IE

Symposium 4: A snapshot of knowledge on research integrity from research presented in the doctoral forum of the world conferences: a bird's eye view on the findings

Chair:
Carmen Penido, Oswaldo Cruz Foundation

Moderator:
Elizabeth Heitman, University of Texas Southwestern

Contributors:
• Rita Faria, University of Porto
• Tamarinde Haven, Tiburg University
• Francis Kombe, EthiXPERT NPC
• Sonia Vasconcelos, UFRJ

Symposium 5: Leveraging policies to influence and enhance responsible conduct of research (RCR)

Chair:
Paula Saner, University of Cape Town

How do national Ethics reglations impact RI/RCR practices and policies
Clarissa Robertson, Stellenbosch University

Management, development and implementation of institutional research policies, examples from an HIC context
David Blades, RMIT University

What role do HICs play in capacity and policy development in LMICs?
Dorian Karatzas, European Comission

International collaboration as a tool to elevate and enact development of local policies and practice
A. Roxana Lescano, ASOPEBAID

Session Chair:
Anne Walsh, Queensland University of Technology

Ideology versus academic freedom. A matter of research integrity?
Jonathan Soeharno, University of Amsterdam

Do scientists want to dwell in the ivory tower? Mapping researchers' attitudes towards societal values in science
Jacopo Ambrosj, Ku Leuven

Enriching engagement with ethical review processes
Filipa Vance, University of Bath

Conceptualising the global dimension of Responsible Research and Innovation through a decolonial lens – Reflections from a Summer School
Sarah Patricia Wendt, Charité - Universitätsmedizin Berlin

Promoting research integrity in the era of decoloniality and epistemic freedom towards locally relevant policies
Nadia Tagoe, Kwame Nkrumah University Of Science And Technology

Integrity in Research Practice: Perception of undergraduate students in Rwandan universities
Edouard Ntakirutimana, University of Bamberg

Session Chair:
Nicole Foeger, Luxembourg Agency For Research Integrity

Research Integrity, Thick and Thin
Michael Vincent, University of Queensland & Mark Hooper, Tricky Goose Training

The ENRIO Handbook on Whistleblower Protection in Research – Critical Feedback and Future Challenges
Helga Nolte, Universität Hamburg

Fostering Creative Integrity: Engaging Design Educators in Addressing Visual Plagiarism Through Participatory Design Methods
Lisa Winstanley, Lisa Winstanley Design

Working towards a more unified research integrity policy at Erasmus MC
Angela Van Tilborg, Erasmus MC

The link between research methods and research ethics: Towards promoting ethical research culture in higher education
Anastasia Ngobe, University of South Africa

Designing practical tools to foster the epistemic responsibilities of universities: A co-creation study
Iris Lechner, Vrije Universiteit

---

Session Chair:
Li Tang, Fudan University

Uncovering Duplicated Images in Scientific Literature - Systematic Review as a Tool for Detection
Rene Aquarius, Radboud University Medical Center

Correlating Indicators of Research Integrity: An Analysis of Image Integrity, Statistical Inconsistencies, and Missing Citations
Daniel Acuna, University of Colorado at Boulder

Correlating Indicators of Research Integrity: An Analysis of Image Integrity, Statistical Inconsistencies, and Missing Citations
Daniel Acuna, University of Colorado at Boulder

Mining tortured acronyms from the scientific literature
Alexandre Clausse, Université Paul Sabatier

Year after year: Tortured conference series thriving in computer science
Guillaume Cabanac, University of Toulouse

Bad smells in reviewers' reports? Text-mining the MDPI Open Peer Review Corpus
Gilles Hubert, University Of Toulouse

Why do some retracted articles continue to get cited?
Marion Schmidt, German Centre for Higher Education Research and Science Studies (DZHW)

Session Chair:
Takehito Kamata, Sophia University

Promoting diversity and inclusively in research through the concept of Ubuntu: A South African Perspective
Feziwe Mseleni, Northwest University

How Should Research Integrity be Introduced to Undergraduate Students? Insights from SURE-Africa Project at a Medical School in Southern Nigeria
Chiedozie Ike, Ambrose Alli University

Best Practices and Lessons Learned from 30-Years of Teaching the "Responsible Conduct of Research" to Junior Faculty, Postdoctoral Scientists and Graduate and Undergraduate Students...
Jaime Rubin, Columbia University

Achievements and Future Challenges in Establishing Research Ethics at the Korean University Council of Research Ethics
In Jae Lee, Seoul National University of Education

Evaluation of the Efficacy of Education and Training on Research Integrity for Young Researchers at KMUTT, Thailand
Namol Vorapreeda, University of Technology Thonburi (kmutt)

Exploration of a new model of scientific research integrity construction in Chinese hospitals—Taking the experience of a Top 10 tertiary medical center as an example
Shanhua Mao, Fudan University

18:30 — 19:30

Socratic dialogues between early career researchers and professionals
Chair:
• De-Ming Chau, Universiti Putra Malaysia

TUESDAY MORNING

BANQUETING HALL	SKALKOTAS HALL	MC2 HALL	MC3 HALL	MC3.2 HALL	MC3.3 HALL	MC3.4 HALL

8:30 — 10:00

Plenary C: The 7th WCRI Cape Town statement on fostering research integrity through fairness and equity one year on

Chair:
• Eleni Spyrakou, National Technical University Of Athens

Keynotes:
• "The Cape Town statement on fostering research integrity through fairness and equity: A recap and overview", Lyn Horn, University of Cape Town
• "Benchmarking academic editor diversity at Springer Nature journals", Ed Gerstner, Springer Nature
• "From principles to practice: using equitable partnership tools to action the Cape Town Statement", Michelle Brear, University of Witwatersrand and Association Of Commonwealth Universities

10:30 — 12:00

BANQUETING HALL	SKALKOTAS HALL	MC2 HALL	MC3 HALL	MC3.2 HALL	MC3.3 HALL	MC3.4 HALL
Focus Track (Part 2): Catalysing the translation of research into trustworthy policy and innovation **Chair:** • Panagiotis Kavouras, National Technical University of Athens **Core group:** • Panagiotis Kavouras, National Technical University of Athens • Daniel Barr, RMIT University • Eleni Spyrakou, National Technical University of Athens • Maura Hiney, UCD Institute for Discovery	**Symposium 6: Research integrity: improving training and trainer quality** **Chair:** • Julia Prieß-Buchheit, University of Kiel **Moderator:** • Marie Alavi, Kiel University **(Non-)Effective FAIR Training** Julia Prieß-Buchheit, University of Kiel **Opportunities and Challenges in Fostering Research Integrity in Malaysia** De-Ming Chau, Universiti Putra Malaysia **Measuring Effectiveness of RCR education** Mariëtte Van Den Hoven & Miriam van Loon, Amsterdam University Medical Centers	**Symposium 7: The intersection of research integrity and academic integrity: multi-country perspectives** **Chair:** • Sarah Elaine Eaton, University of Calgary **Contributors:** • Erika Löfström, University of Helsinki • Brenda Stoesz, University of Manitoba • Anu Tammeleht, University of Helsinki	**Session Chair:** Ana Marušić, University of Split School of Medicine **Stakeholders' Views about Research Misconduct in a Public University in Ghana** Fred Yao Gbagbo, University of Education, Winneba **Reflecting on the implementation of a newly developed integrated research integrity management system: North-West University, South Africa** Minrie Greeff, North-West University **The State of Research Ethics and Integrity among University Students in Africa: Insights from selected Botswana Higher Education Institutions** Ayodeji Michael Obadire, Botswana Accountancy College **Development of Legislative Interventions and Policies for Preventing Research Misconduct in Africa** Francis Akpa-Inyang, Durban University of Technology **Challenges in Setting up a Research Integrity Office in a Lower Middle-Income Country (LMIC) Academic Institution: Lessons from Moi University, Kenya.** Edwin Were, Moi University **Research Integrity in Higher Education Institutions in the countries of the Andean Community** Gisela Isabel Fernández Rivas Plata, Universidad De Barcelona	**Session Chair:** Chris Graf, Springer Nature **The Individual Participant Data (IPD) Integrity Tool for assessing the integrity of randomised controlled trials** Anna Lene Seidler, University Of Sydney **Academic and research misconduct among health and non-health students: which Big 6 personality profiles are at higher risk in each field?** Ana Cristina Veríssimo, University of Porto **Development of a tool (INSPECT-SR) to identify problematic randomised controlled trials in systematic reviews of health interventions** Jack Wilkinson, University of Manchester **Are global clinical trial funders policies on clinical trial registration and reporting improving? - a cross-sectional study** Marguerite O'Riordan, Aston Medical School & TranspariMED **Fabricated studies in women's health: disconcerting experience from a whistleblower** Bernardus Mol, Monash University **How to Deal with Academic "Inbreeding"?: Inmobility, Mobility and Meritrocracy in Research and Higher Education Institutions** Wilfrid Antonio Martinez Sanchez, Spanish National Research Council	**Session Chair:** Lyn Horn, University of Cape Town **China's research integrity monitoring system study and it's application** Yao Yang, National Center For Science And Technology Evaluation **Cross-Institutional Research Integrity Training Model - Facilitator Dialogical Reflections** Kate Dunne, Atlantic Technological University **A multi-dimensional learning strategy to foster research integrity** Daniel Pizzolato, EUREC Office gUG **Interventions to Support Healthy Authorship Practices in Research Teams** Elise Demeter, University of North Carolina at Charlotte **Promoting excellence in research through integrity – developing a theoretical foundation for open distance e-learning** Leonie Louw, University of South Africa **Fostering Research Integrity Culture through Rotatory Role-Playing: A Study on Enhancing Awareness of Research Integrity Code of Conduct** Hsing-Tzu Lin, National University Of Kaohsiung	**Session Chair:** Mads P. Sørensen, Aarhus University **Surveys of Institutional Research Culture - Can we measure change?** Malcolm Macleod, University of Edinburgh **Conflict Resolution, Accountability, Respectful Interactions, Ethics, and Supportive Environments (CARES): Development and Validation of an Organizational Climate Survey** Brian C. Martinson, Independent Consultant **Signs, Symptoms, and Situations of Moral Distress During the Pursuit of Research Excellence** Anna Kang Liu, Roche/genentech **UK Committee on Research Integrity – building the evidence base** Rachael Gooberman-Hill, UK Committee on Research Integrity **Restoring Public Trust in the U.S. Government Through Scientific Integrity** Anne Andrews, National Institute Of Standards And Technology **The Scope and Current Projects of the U.S. National Academies' Strategic Council for Research Excellence, Integrity, and Trust** Jennifer Heimberg, NASEM

BANQUETING HALL	SKALKOTAS HALL	MC2 HALL	MC3 HALL	MC3.2 HALL	MC3.3 HALL	MC3.4 HALL

12:00 — 13:30

Lunch and Poster Walks 2

13:30 — 15:00

Plenary D: Addressing the challenge of paper mills through research and policy

Chair:
• Jennifer Byrne, The University Of Sydney & NSW Health Pathology
Keynotes:
• "Paper mill submissions - identifying red flags for moving targets", Lisa Parker, University of Sydney
• "How research paper mills avoid consequences of journal de-indexing", Thomas Stoeger, Northwestern University
• "United2Act on paper mills: an update", Deborah Kahn, Committee on Publication Ethics

15:30 — 16:30

BANQUETING HALL	SKALKOTAS HALL	MC2 HALL	MC3 HALL	MC3.2 HALL	MC3.3 HALL	MC3.4 HALL
Session Chair: Matthias Kaiser, University of Bergen	**Session Chair:** Stefanie Van der Burght, Ghent University	**Session Chair:** Sonia Vasconcelos, UFRJ	**Session Chair:** Zoe Hammatt, Hawaii	**Session Chair:** David Moher, Ottawa Hospital Research Institute	**Session Chair:** David Tovey, David Tovey Associates	**Session Chair:** Maura Hiney, University College Dublin

BANQUETING HALL

The Ethics of Responsible AI: Ways of Long-term Coping

Hallvard Fossheim, National Research Ethics Committees (Norway)

AI and the evolution of scientific norms: whether and how the norms of science should change to accommodate AI?

Mohammad Hosseini, Northwestern University

Publishers' Post-Publication Response Rate and Outcomes of Concerns About False Data in Medical Publications

Bernardus Mol, Monash University

Research Integrity and Ethics in the 21st Century India: A Critical Appraisal

Tarun Kumar Mondal, University of Kalyani

SKALKOTAS HALL

A taxonomy of scholarly disinformation to enhance research integrity

Leslie Mcintosh, Digital Science & William White, University Of Wisconsin-Milwaukee

How to assess the scientific integrity of the collected work of one author or group of authors

Jeremy Nielsen, Monash University

Citations to questionable journals threaten research integrity: bibliometrics as a key actor in the detection

Barbara S. Lancho Barrantes, University of Brighton

Methods of Dissernet development after "progress" of research falsification

Vasiliy Vlassov, Higher School Of Economics

MC2 HALL

Identifying Training Needs for Research Ethics Committees

Eleni Spyrakou, University of Athens

The Necessity to Teach Research Integrity Values

Markus Seethaler, Federal Ministry Of Education, Science And Research

The ethics of scholarship: Reflections on postgraduate supervision and research

Laetus Lategan, Central University of Technology

Enhancing Research Integrity in Low- and Middle-Income Countries: Lessons from Global Initiatives in Oncology

Khalid El Bairi, Mohamed Ist University

MC3 HALL

We are as strong as our weakest link - Fieldworkers' role in research integrity

Francis Kombe, EthiXPERT NPC

Indigenising Research Management: What Does it Mean for Research Integrity Managers and Administrators?

Tanya Coetzee, University of South Africa

A Large-Scale, International Cross-Sectional Survey of Attitudes and Perceptions of Medical Researchers Towards the Use of Artificial Intelligence Chatbots in the Scientific Process

Jeremy Ng, Ottawa Hospital Research Institute

Responsible Artificial Intelligence – legal perspectives on emerging technologies and research integrity

Teodora Konach, European Association Of Research Managers And Administrators

MC3.2 HALL

iRISE – SOLES: A Systematic Online Living Evidence Summary for interventions to improve reproducibility

Kaitlyn Hair, University Of Edinburgh

Navigating ambiguity and uncertainty in research practice

Tom Van Drimmelen, Leiden University

The attribution of two portraits of Rembrandt revisited: A case study of replication in art history

Charlotte Rulkens, VU University

Critical evaluation of the current state preregistration in animal research

Céline Heinl, German Federal Institute For Risk Assessment (BfR)

MC3.3 HALL

Impacts of misinformation on the translation of science with the public

Madison Green, James Cook University

How should our understanding of research integrity be used to inform trustworthy science communication.

Alison Sheaves, James Cook University

Editorial Review in International Science for Policy Organisations

Koen Jonkers, European Commission

Promoting research integrity and communication using science informed art

Karen Cloete, University of South Africa

MC3.4 HALL

TIER2's activities to foster a next-level funders community in reproducibility

Alexandra Bannach-Brown, Berlin Institute of Health at Charité

Are research funding decisions related to applicants' assessments of research ethics and integrity?

Knut Jørgen Vie, University of Oslo

How One Grant Reviewer Stopped 10 Year of Research Misconduct

Ning Du, OASH, HHS

Corrections to journal articles supported by European and US research grants: a cross-sectional study, 2014-2022

Antonija Mijatovic, University of Split School of Medicine

18:45 — 17:30

Steneck-Mayer Lecture

Chair:
• Maura Hiney, University College Dublin
Speaker:
• "Reproducible research: Progress made across disciplines", John P. A. Ioannidis, Stanford University

20:00 —

Conference dinner

BANQUETING HALL	SKALKOTAS HALL	MC2 HALL	MC3 HALL	MC3.2 HALL	MC3.3 HALL	MC3.4 HALL

8:30 — 10:00

Plenary E: Tackling racial and ethnic bias when translating research into policy
Chair:
• Sabine Kleinert, STMJ - The Lancet
Keynotes:
• "Tackling racial and ethnic bias when translating research into policy – The researcher's perspective", Thirusha Naidu, University Of Kwazulu-natal
• "Tackling racial and ethnic bias when translating research into policy – The clinician-anthropologist's perspective", Jessica Cerdeña, University of Connecticut, Middlesex Health
• "Tackling racial and ethnic bias when translating research into policy – The editor's perspective", Mabel Chew, The Lancet

10:30 — 12:00

Symposium 8: Toward responsible clinical trial data sharing practices

Chair:
• Florian Naudet, IRSET

Clinical trial data sharing and the global south
Syntia Nchangwi, University of Cape Town

COPE positions about management of empty promises
Daniel Kulp, Committee on Publication Ethics

Symposium 9: A policy agenda to address industry influence on research integrity

Chair:
• Quinn Grundy, University of Toronto

Contributors:
• Marc-Andre Gagnon, Carleton University
• Scott Graham, The University of Texas at Austin
• Andreas Lundh, University of Southern Denmark
• Lisa Parker, The University of Sydney

Symposium 10: Governance of research integrity in the era of open science

Chair:
• Rosemarie De La Cruz Bernabe, University of Oslo

Understanding Open Science: Opportunities, Challenges and Solutions
Signe Mežinska, University of Latvia

Will technology enable responsible open science?
Olivier Le Gall, Inrae

ROSiE complement to the European Code of Conduct for Research Integrity. ROSiE General Guidelines on Responsible Open Science
Rosemarie De La Cruz Bernabe, University of Oslo

ROSiE field-specific ethics and integrity guidelines on OS
Teodora Konach, European Association Of Research Managers And Administrators

Roundtable Discussion: Challenges and Opportunities for Responsible Open Science in Europe
Panel

Session Chair:
Sheila Garrity, Office Of Research Integrity, U.S. Dept. of Health And Human Services

Is Innovation the Enemy of Fairness? A Research Data Perspective
Katrin Frisch, German Research Ombudsman

Conflicts of interest in research across scholarly disciplines: cross-sectional study and qualitative content analysis of policies
Andreas Lundh, University of Southern Denmark

Putting Research Integrity on the Map: Understanding Dynamics of Responsibility Across European Research Integrity Policies
Rachel Fishberg, Aarhus University

Shaping the field: a review of the use of theory in research on research integrity
Lise Degn, Aarhus University

Development and application of a research integrity maturity model
Gordon McGurk, QIMR Berghofer Medical Research Institute

Developing a topography of "responsible conduct of research" across disciplines: a three-part study
Jackie Thompson, University of Bristol

Session Chair:
Dorian Karatzas, European Commission

A classification and ranking of Questionable Research Practices reported in surveys
Daniele Fanelli, Heriot-Watt University

Ranking Research Misconduct and Questionable Research Practices: An Informal Survey Among Ph.D. students
Robin Engelhardt, University of Copenhagen

Are questionable practices always detrimental? On the context dependency of ethical evaluations of academic practices
Mads Paludan Goddiksen, University of Copenhagen

Themes and emerging factors from research misconduct cases in the media: A report of findings from a review of recent case studies for the BEYOND project
Ian Slesinger, Trilateral research

Balancing Complexity and Collaboration: Multi-Institutional Research Integrity Investigations in Australia
Karolyn White, Macquarie University

From watchdogs to Epistemic activists – a pass-through towards institutional change?
Mady Barbeitas, CNRS

Session Chair:
Malcolm Macleod, University of Edinburgh

The Cochrane Evidence Pipeline: Revolutionizing Study Identification in Evidence Synthesis
Steph Grohmann, Cochrane

Increasing robustness of preclinical research towards successful translation: an assessment of the evolution of protocols from exploration to confirmation
Maria Arroyo Araujo, Berlin Institute of Health

Transparency in the secondary use of health data: Assessing the status quo of guidance and best practices
Olmo van den Akker, Berlin Institute of Health

Trialblazers: putting patients in the driving seat of clinical trials
Caroline Struthers, University of Oxford

Results of the use of the Quality Output Checklist and Content Assessment (QuOCCA)
Simon Gandevia, Neura

The Use and Misuse of Clinical Trial Registries: Reflections from Metaresearch in the UK and Germany
Maia Salholz-Hillel, Berlin Institute of Health

Session Chair:
Annette Flanagin, JAMA and JAMA Network

Do potential predatory journals and mainstream ones differ in handling retractions?
Shaoxiong Brian Xu, Huanggang Normal University

Conflicts of interest policies for editors, statistical reviewers, and peer reviewers in medical journals: cross-sectional study
Christoffer Bruun Korfitsen, University of Southern Denmark

Empirical Insights into global retraction notices: Assessing Quality for Improved Transparency and Accountability
Hui-Zhen Fu, Zhejiang University

Requiem for the retraction: why proposals for 'honest retractions' fail in their objective to promote and encourage the self-correction of science
Tim Kersjes, Springer Nature

Towards automatic detection of citation quotation errors: An open dataset and machine learning models
Halil Kilicoglu, University of Illinois

Monitoring Open Science Practices — towards a community-derived automated dashboard for biomedical institutions
Anna Catharina Vieira Armond, University of Ottawa Heart Institute

BANQUETING HALL	SKALKOTAS HALL	MC2 HALL	MC3 HALL	MC3.2 HALL	MC3.3 HALL	MC3.4 HALL

12:00 — 13:00

Lunch

13:30 — 14:30

Plenary F: Perspectives on Research Integrity and Generative Artificial Intelligence

Chair:
• Daniel Barr, RMIT University
Keynotes:
• "Perspective of publishers and policy makers", Joris van Rossum, STM Solutions
• "Perspective from Industry", Shanshan Yu, Fujitsu Limited
• "Impacts of generative AI on research: The Good, the Bad, and the Ugly", Karin Verspoor, RMIT University

15:00 — 16:00

BANQUETING HALL	SKALKOTAS HALL	MC2 HALL	MC3 HALL	MC3.2 HALL	MC3.3 HALL	MC3.4 HALL
