

Earn extra revenue

Earn 5% revenue share* up to annual cap on agents you refer to the company.

* Based on a non-discounted GCI and 85/15 split, not including fees. Agents must be producing. Agents need to produce \$450 in revenue to Real in the prior 6 months to remain in producing status.

An annual \$175 revenue share participation fee will be deducted from the first revenue share payment on the participating agent's anniversary year, and each subsequent revenue share payment will be assessed with a 1.2% processing fee.

5-tier Revenue Share Plan

Get rewarded when you bring agents to Real! Every direct referral is a Tier 1 agent. As the number of agents you bring to the organization grows, you unlock additional tiers and are rewarded for the agents that those agents bring on.
