WATCH THIS 30 SECOND VIDEO CLIP

Chairman Dave Williams makes his position on Pride Month clear.

## **CHAIRMAN DAVE WILLIAMS RESPONDS TO PRIDE CRITICS**

The Pride Month agenda is in full swing and its goals are to attack parental rights, harm children, and silence any vocal opposition to it.

Again, we make no apologies for standing against those who would groom or confuse children into transgender procedures that would mutilate and chemically castrate them.

At a recent debate, I was asked to respond to Pride activists, and I made clear that I was prepared to lose everything, including an election as well as my position over this fight because **"to live is Christ and to die is gain"** as stated in **Philippians 1:21**. (Watch the video clip above unless you are easily triggered, or intolerant of the Gospel of Jesus Christ like Kyle Clark from 9 News.)

But sadly, we now have weak establishment Republicans who want to join radical Democrats and the press in defending this child-harming Pride Month agenda so they can be praised by the fake news media and cultural elitists.

They are preparing to wage civil war within the Republican Party to defend transgender procedures for minors even though your State Republican Convention overwhelmingly adopted a platform plank against it this past April.

***"the Colorado Republican Party ... [opposes] the subjection of minors to medical procedures with the aim of gender reassignment, and any appropriation of taxpayer funds for such surgeries or transitioning hormonal therapies."***

What's even most frustrating are these same so-called Republicans (who are absolutely defending the transgender agenda against kids) never work or organize this hard against radical Democrats. These same establishment insiders only seem to fight this hard against grassroots christian conservatives.

Rest assured, your State GOP leadership team looks forward to having

this debate anytime.

**We especially look forward to the list of so-called Republicans who plan on signing the petition for a special meeting to defend the Pride Month agenda as we will be sure to publicize it and notify all convention delegates and their respective central committees of their support for Pride Month.**

Lastly, we promised to share thought provoking messages throughout June that resist Pride Month and the evil that is trying to indoctrinate children, undermine parents, and harm families.

Dr. Jordan Peterson airs Pride Month grievances.

To that end, please watch this Fox News interview from Dr. Jordan Peterson above.

During the interview, Peterson states, "***tolerance of vice is not a virtue... and pride is a vice.***"

Amen. We couldn't agree more.

God hates Pride.

Extreme LGBTQ+ groomers adopted this image as their own because they mock all that  
is decent and pure.

---

They, along with radical Democrats, support both so-called “gender affirming care” that results in the mutilation and chemical castration of children, and the normalization of pedophilia.

---

***“Pride goes before destruction, And a haughty spirit before a fall.”  
- Proverbs 16:18, The Word of the Lord***

---

This has been a frustrating month for anyone who cares about righteousness and truth. In fact, it’s terrible to see how low our society has fallen into depravity.

For all of June, we’ve seen celebrities, politicians, journalists, pundits, and corporations push an extreme message that goes way beyond mere “tolerance.”

Much worse, the agenda these activists and organizations are pushing strike at the heart of what our leaders should be safeguarding most: our posterity.

Simply put, these degenerates want to violate our children and their innocence.

If you don’t believe it, then look at these pictures below:

---

**1. Why does a grown man like this desperately want to wear nothing but his underwear and twerk in front of children?**

---

2. Why do grown men like this desperately want children to pet them and partake in their leather fetish?

---

**3. Why do grown men dressed in drag like this desperately want children to see their fake breasts?**

---

---

The reasons why they are going after our children are becoming clearer by the day.

These radicals in the LGBTQ+ community are indoctrinating children and hoping to recruit them into their twisted lifestyle.

They want boys and girls to think they can change their biological sex and encourage them to suffer barbaric medical procedures that are irreversible.

**In short, they want to mutilate and chemically castrate your children and falsely call it “healthcare” to justify their madness.**

In Colorado, we don't let people purchase tobacco or alcohol products until they reach the age of twenty-one. Why would anyone think it's appropriate to freely hand out puberty blockers or allow irreversible surgeries for much younger children?

If you don't believe it, then look at the picture below to see what these medieval surgeons are doing to confused children now.

---

---

## Gender-Affirming Treatment & Services

As a participant in the Roy G. Biv program, you benefit from the gender-affirming scope of treatment that includes:

- Discussing concerns or questions about gender
- Pausing puberty to further explore gender
- Managing gender-affirming hormone therapy
- Helping find surgeons who perform gender-affirming surgeries
- Coordinating individual and family therapy, as needed
- Collaborating with schools

---

And as bad as this is, their motivations for violating our children get much darker.

**Ultimately, these LGBTQ+ reprobates want to groom your children and sexually exploit them so they can normalize pedophilia.**

Why else would a grown man share sexual fetishes or put on pornographic performances for children?

Aside from experiencing a distorted sexual high as they perform in front of these innocent kids, they know that desensitizing children to these obscene and lewd acts gets them one step closer to achieving the height of their perversion.

Enough is enough. The Colorado Republican Party will no longer be silent on this subject.

Furthermore, we no longer care what the bias press, corrupt politicians, and failed political pundits in either party think as they will likely ridicule us when we do everything we can to protect Colorado's innocent children.

---

Bottom line – Let kids be kids... and, most importantly, stop the predators who want to sexually abuse them.

In the weeks to come, the Colorado Republican Party will seek every opportunity to work with leaders and decision-makers to prohibit so-called “gender affirming care” that results in the mutilation and chemical castration of children.

**>>> If you agree and want to help stop this repugnant agenda, then please sign the petition below and share it with your friends or neighbors so we can work together to stop these groomers from abusing and violating our children. <<<**

Together, we can protect our children and future... but only if you get involved and defend the most vulnerable in our society from these creeps.

For the Children,

Dave Williams  
Chairman, Colorado Republicans
