The logo features the word "edtech" in a bold, lowercase sans-serif font. The "ed" is white, and "tech" is a vibrant teal. Below it, the word "INNOVATE" is written in a smaller, all-caps, white sans-serif font. The text is centered over a large, semi-transparent teal circle that has a subtle radial gradient. The background consists of several overlapping, semi-transparent teal circles of varying shades, creating a layered, abstract effect.

# LOGO VERSIONS

## MINIMUM SPACE REQUIREMENT

The **Minimum Space Requirement** is the space you should give the logo to breathe in order that it may look it's best.

Shown here by the solid red line, you should not place the logo next to other objects that would fall inside the solid red line. It also represents the closest the logo should be placed to the edge of a page.

In order to calculate the Minimum space, measure the area between the central sphere and the edge of the logotype, then add this measurement all around the logo.
