

It may be helpful to use this document to record the credits you can claim for your participation in the Summit. Completion of this document does not award you credits for your participation. You will be required to complete an evaluation of the course and claim your credits through the CE Portal. Details will be provided to you at the Summit. This document is designed as a resource for you to keep track of your participation until you claim credits in the CE Portal. You are not required to use the document. You should round down to the nearest quarter hour. (Example: 85 minutes of attendance = 85/60=1.42, or 1.25 hours once rounded.)
