

REPLACE ANTI-CHILDREN-FAMILY SENATOR SCOTT WIENER

During his time in Sacramento, the infamous state senator from San Francisco has authored and co-authored a disturbing number of bills—many have become law—threatening California families.

Wiener's shocking radical agenda pushes radical gender beliefs!

Senate Bill 145 (2020): **Decriminalization of Pedophilia (Enacted)**

Permits pedophiles to avoid the sex registry so long as the age difference between themselves and their lover/victim - is 10 years or less.

Assembly Bill 957 (2023): **Transition your Child or Lose Custody (Vetoed)**

Would have mandated judges to give custody to the parent who is willing to support and affirm the gender identity of the child. Forced social and medical transition.

Assembly Bill 665 (2023): **State Sanctioned Kidnapping (Enacted)**

Permits children 12 and older to emancipate themselves and go to government-affiliated shelters for any reason - without any claim of danger in the home.

Senate Bill 107 (2022): **California is a Transgender Sanctuary State (Enacted)**

Turned California into a refuge for transgender youth and families. Minors can run away to California to obtain transgender drugs and surgeries if their parents don't consent. Custody agreements of the parents' home state will be ignored. Law enforcement won't help find the child if he is here for sex change procedures.

Senate Bill 407 (2023): **Foster Family Discrimination (Enacted)**

Requires Foster families to support transgender chemical and medical procedures. Families with religious beliefs are no longer qualified to be foster families.

Senate Bill 866 (2022): **Minor Consent to Vaccination (Failed)**

Would have permitted 12-year-olds to consent to a vaccine without parental consent or knowledge.

Assembly Bill-5 (2023): **School Indoctrination Overdrive (Enacted)**

Forces teachers to become gender indoctrinators and detectives. Educators must identify LGBTQ students and assess their families' views with the possibility of removing the child from a family who refuses to transition the child.
