Spring Campaign Update

Thanks to our generous donors, we have raised $89,646 for our Farmworker Outreach and Pharmacy Cost-Assist programs. Your support is already making an impact as we collect supplies for summer and further support patients in accessing the medications they need to stay healthy. Our goal is to raise $120,000 through June 20, and every donation counts. We have $5,176 left to match during these last few weeks of spring.

Help us reach our target and keep supporting our community.

HELP US REACH OUR GOAL TODAY

Volunteer with Virginia Garcia’s Farmworker Outreach Program

Each summer, the Virginia Garcia mobile clinics visit farmworkers at commercial plant nurseries and housing complexes in Washington and Yamhill counties to deliver health care services.

The Outreach Team includes medical and dental providers, nurses, medical assistants, health educators, clinic staff, and volunteers and is accompanied by various social services agencies. These community partnerships offer migrant and seasonal farmworkers and their families a variety of resources.

If you are interested in volunteering with our Farmworker Outreach Program, please visit our volunteer page and click “Special Events/Opportunities for Community Volunteers” for more details or email volunteer@vgmhc.org.
Prospera means prosperous, successful, fortunate, and fair – everything we want for our patients, their families, and our community. Together with our staff, supporters, and partners, we can make this hope a reality for those who serve and who count on us as their health care home.

We invite you to take part in a joyous night benefiting Virginia Garcia Memorial Health Center. Join us in celebrating the power of community and what we can accomplish when we come together.

For questions, please contact Amy Nilsson at anilsson@vgmhc.org or 503-352-8618.
