

SPRING 2024

# Newsletter

## BEAUTY ENERGY EXCHANGE

Welcome to my first BEE Newsletter! Beauty Energy Exchange Aesthetics and Wellness is more than a medspa, it is a community! In addition to Botox, fillers, biostimulators, microneedling, chemical peels and medical-grade skin care, I hold monthly events to nurture the body, heart, and soul. Check out the upcoming events in March!!!

I also want to highlight my favorite products, monthly specials, results, and my amazing clients. My first BEE Beauty, Vivian Love, is a beauty inside and out. She is an exceptional human, who radiates love and kindness.

Enjoy!

### Spotlight on Radiesse

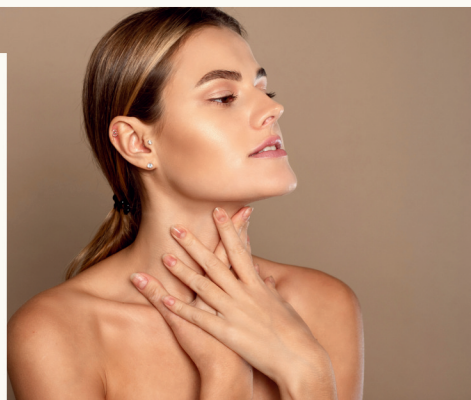

Radiesse (calcium hydroxylapatite) is not only a filler, but also a collagen stimulator. Radiesse initially adds volume, but then - as collagen production slowly increases - it begins to smooth out wrinkles, fine lines, and folds. This means that, in addition to the immediate results you experience, you will continue to see improvements for several months, and the

natural-looking results are clinically proven to last a year or more in most patients. Radiesse is FDA-approved to contour the jawline, and correct volume loss in the hands. In a more dilute form, it can be used to help with wrinkles and lines in the neck and décolletage, and to add volume to the butt (aka non-surgical BBL).

SPRING 2024

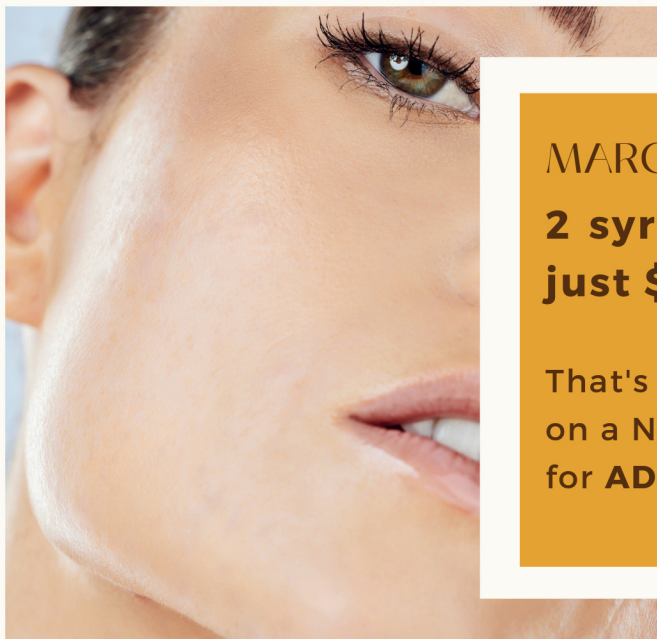

# Monthly Specials

Did you know that Botox and Filler can be used to create a snatched jawline? This can help create a more youthful appearance and minimize jowls.

## RADIESSE + BOTOX

The combination of a Nefertiti lift with Botox and jawline filler with Radiesse is my go-to! Radiesse is unique in that it's a filler AND a ♂ collagen stimulator. With Radiesse, not only can we create a chiseled jawline, but we can also address necklace lines for a complete 🙌 lower-face overhaul!

## MARCH SPECIAL

**2 syringes of Radiesse for just \$1,111!**

That's a savings of \$489! Plus add on a Nefertiti lift for only \$350, for **ADDITIONAL** savings of \$130!

SPRING 2024

# BEE Beauties

## All Eyes On Vivian Love

**What is the best part of aging?**

Feel confident, secure, strong, and prepared for life

**What makes you feel beautiful and confident?**

Hiking and playing pickleball

**What is your goal for 2024?**

More hiking with my dog, Kingston, and more pickleball
