Jane is a licensed architect and urban designer with twenty years of experience working with municipalities and agencies in the San Francisco Bay Area and beyond. Her work includes urban design for streetscape improvements, transit area planning, revitalizing mixed-use districts, and supporting housing policy. Jane is a lecturer at UC Berkeley and teaches architecture to school aged students (K-12). It is important to Jane that large groups of non-designers become empowered with creative communication skills because they are the key to making our communities better.
