A NOTE *on* SERVICE CHARGE *and* TIPS

We wish to provide a working environment that enables our staff to be happy and healthy while also maintaining a positive work/life balance. To strike this balance, you will notice an 18% service charge on your bill.

This model helps us provide a consistent income for all members of our team in way that the old tip system simply did not.

We have left the gratuity line so that those of you who would like to leave extra are able to.

THANK YOU FOR SUPPORTING
THE ROSE *and* OUR TEAM!
