MARCH 2024

IT’S AN ALL-OUT ATTACK ON LGBTQIA+ RIGHTS & GENDER IDENTITY
GENDER IS WEAPONIZED AS AN AUTOCRAT’S TOOL TO DIVIDE COMMUNITIES & POLARIZE SOCIETY

Project 2025’s proposals at-a-glance:

❖ Removes all civil protections and rights for LGBTQIA+ in all federal rules and regulations
❖ Paints LGBTQIA+ people as unnatural, dangerous, and a threat to “normal” families.
❖ Criminalizes transgender and nonbinary identity, equating it with pornography – a crime.
❖ Asserts that sex is only binary, so transgender or binary or fluid gender identity is unacceptable
❖ States that “Families comprised of a married mother, father, and their children are the foundation of a well-ordered nation and healthy society.” (pg. 451)
❖ Forbids gender-affirming care for teenagers or adults.
❖ Forbids the changing of names, pronouns, and ID cards to match one’s gender.
❖ Would criminalize providers of gender-affirming surgery and care for dysphoria.
❖ Calls for criminalizing teachers or librarians deemed as promoting LGBTQIA+ books or issues.
❖ Allows faith-based agencies to refuse adoptions for LGBTQIA+ families (pg. 478)
❖ Supports court rulings that allow anti-LGBTQIA+ discrimination on religious grounds (pg. 560)
❖ Allows workplace discrimination on the grounds of religious exemptions (pg. 585)
❖ Restricts the application of “Sex Discrimination” protections (pg. 584)
❖ Bans anyone who is HIV positive or has gender dysphoria from the Armed Forces.
❖ Would ban US aid to any group providing services to LGBTQIA+.
❖ (See our “What Does Project 2025 Say about Sex and Gender?”)

What’s the result? If Project 2025 is enacted, LGBTQIA+ lives and civil rights will be deeply restricted, with less recourse to fight discrimination in all areas of public life...the possible backlash list is long. LGBTQIA+ lives will be in danger, and they may go underground. LGBTQIA+ visibility will decrease, and so will public awareness of their lives and experiences. Project 2025 reflects a profoundly dangerous attack on LGBTQIA+ people.
