SATURDAY 6TH SEPTEMBER
STONE MEADOW

NATIVE BEEF AND LAMB

PASTURE FED FOR LIFE

At Native Beef and Lamb we love high quality produce. We also love the British countryside and the native breeds who work so well within it.

We sell a range of products, including our home-grown, native, pasture fed beef and lamb, as well as locally sourced, high welfare pork and free range chicken. The beef is dry aged for a minimum of 21 days. All our meat is skilfully butchered and vacuum packed at our on-site butchery. We supply our meat direct to customers on the farm, by collection or by courier delivery.

Try Native Beef and Lamb for yourself. You will know that your meat has been reared responsibly, pasture fed and is fully traceable. We know that you will enjoy it enormously.

Contact us to ask what we have in stock on 07761 515 339 or email us at chapman@native-beef.co.uk to join our mailing list and receive details of our standard cuts and prices.

We are located at Bailey Hill Farm, Amersham Road, Chalfont St Giles, HP84RT

Welcome to the 2025 Chalfont St Giles Show

The Chalfont St Giles Show Committee had a difficult decision this year – do we risk going back to Stone Meadow? The answer, after taking advice, was a resounding YES!

It's well documented that the meadow was under water a year ago, but it's now looking a lot healthier and we're convinced we've made the right judgement.

We held a Village Party instead of the show last year, and many thanks go to our sponsors who helped make it a success. Thanks also to our friends in the village who made it possible by helping to set up and take down; it's a huge task getting so much done in a day.

This year's Show theme is "Dinosaurs", and we hope you'll join in the fun by making some fascinating entries for the Art & Crafts competition classes.

Lots of acts have been booked and include a return of the 3 times world champion, Steve Colley and his motorbike show. Others include K&H Falconry, Parkour Action, a petting zoo, climbing wall, Ferret World and face painting. We've also kept prices the same as the last show, 2 years ago.

The Show, despite last year's disappointment still upheld its values and continued to support local good causes which was only made possible by your continued support, for which we would like to thank you.

As always, the Show could not take place without an army of volunteers, as well as the incredible the Show Committee.

We hope you have a fun day,

Paul Buchanan Honorary President

Grant Kirkby Chairman

Here are some fascinating facts about dinosaurs:

Word Origin: The term "dinosaur" comes from the Greek words "deinos," meaning "terrible," and "sauros," meaning "lizard," translating to "terrible lizard".

Time Span: Dinosaurs roamed the Earth for over 150 million years, from the Triassic period about 230 million years ago until the Cretaceous-Tertiary (K-T) extinction event 65 million years ago.

Extinction: Most dinosaurs suddenly went extinct about 66 million years ago due to an asteroid impact, volcanic eruptions, and climate changes.

Size Variance: The smallest dinosaurs were the same size as hummingbirds at only 2 inches (5 centimeters) long, while the longest reached over 120 feet (37 meters) in length.

Feathered Dinosaurs: Many dinosaurs had feathers, not just avian dinosaurs. The largest known feathered dinosaur was the Yutyrannus huali, a super predator and cousin of T-Rex.

Longest Neck: Sauroposeidon had an exceptionally long neck, estimated to be around 39 feet in length.

Flying Reptiles: Pterosaurs, often confused with dinosaurs, were flying reptiles that lived alongside dinosaurs.

Compulsory Recipe

Traditional Parkin Recipe

Yorkshire Parkin is a traditional British ginger cake that is particularly popular during Bonfire Night and Halloween. Here's a recipe for a classic version:

Prep Time: 15 minutes - Cook Time: 1 hour 35 minutes

Servings: 12

Ingredients:

110 g soft butter
200 g golden syrup
110 g soft dark brown sugar
55 g black treacle
110 grams self-rising flour
225 g medium oatmeal
2 tsp ground ginger
1tsp ground mixed spice
Pinch of salt
2 medium eggs (beaten)
1 tbsp milk

Instructions:

Preheat the oven to 275 F / 140 C / Gas Mark 1. Grease an 8 x 8-inch square cake tin.

In a large, heavy-based saucepan, melt together the butter, golden syrup, brown sugar, and black treacle over a gentle heat. Do not allow the mixture to boil; you simply need to melt them together.

In a large, spacious baking bowl, stir together the self-rising flour, oatmeal, ground ginger, nutmeg, mixed spice, and baking powder.

Gradually add the melted butter mixture, stirring to coat all the dry ingredients and mix thoroughly.

Gradually beat in the eggs a few tablespoons at a time.

Add a tablespoon of milk at a time if the mixture feels dry. You are looking for a soft cake batter. Stir well.

Pour the mixture into the prepared tin and cook for 1 1/2 hours, until firm, set, and a dark golden brown.

Remove the parkin from the oven and leave to cool in the tin.

Once cool, slice and store the parkin in an airtight tin for a minimum of three days for the best flavour.

I tried to teach my plants to do math, but they all ended up with square roots.

Someone has been adding soil to my garden. The plot thickens.

The neighbour's dog pooped in our garden, so my wife told me to get a shovel and throw it over the fence. I don't see what that solved. We've still got dog poo in our garden and the neighbours have our shovel.

A gardener took his dog to the vet. "He's been acting real depressed," explained the gardener. "He just lays in the garden day after day, letting out these really sad sighs." "I see," replied the vet. "What do you grow?" "This season it's cantaloupe, but I don't see how that's relevant." The vet nodded knowingly and replied, "Well, that explains it. He's a Melon Collie."
