Animal Polling

Online sample of 1000 respondents fielded over web panels on January 21 and weighted to education, gender, race, respondent quality, and 2020 election results. The margin of error is \pm 4.8

When animals are raised for meat in the US, there are some common practices that many consider inhumane. Which comes closest to your view: (N=617)

| | All | D | I |
|------------------------------------------------------------------------------------|-----|----|----|
| Consumer should only buy products from companies with more humane practices | 22 | 23 | 22 |
| Consumers should not eat meat | 5 | 5 | 5 |
| Meat companies should develop technological alternatives to the inhumane practices | 28 | 28 | 29 |
| Governments should ban inhumane practices | 31 | 33 | 28 |
| I disagree that common practices are inhumane | 14 | 12 | 17 |
| | | | |

In the US pork industry, male pigs are generally castrated with a knife without anesthetic, since uncastrated pigs sometimes develop a strong, unpleasant odor known as "boar taint" in their meat. Which comes closest to your view: (N=617)

| All | D | I |
|-----|---------------------|--------------------------------|
| 9 | 6 | 13 |
| 11 | 11 | 11 |
| 47 | 48 | 44 |
| 21 | 28 | 12 |
| 13 | 7 | 19 |
| | 9 11 47 21 | 9 6 11 11 47 48 21 28 |

In the US seafood industry, fish are often slaughtered in inhumane ways, such as via an ice bath or through suffocation. Which comes closest to your view: (N=617)

| | All | D | I |
|-------------------------------------------------------------------------------------------|-----|----|----|
| Consumers should only buy fish from companies that slaughter fish humanely | 12 | 12 | 13 |
| Consumers should stop eating fish | 4 | 4 | 5 |
| Seafood companies should develop technologies that allow for the humane slaughter of fish | 39 | 43 | 35 |
| Governments should ban inhumane slaughter practices | 23 | 25 | 20 |
| Current practices are acceptable and should continue | 21 | 16 | 28 |
| | | | |

Below are a series of practices common on animal farms. For each, say whether you think the practice is acceptable or unacceptable: Cutting the tails of newborn pigs (N=617)

| | All | D | I |
|----------------|-----|----|----|
| Acceptable | 28 | 20 | 39 |
| Not Acceptable | 72 | 80 | 61 |

Below are a series of practices common on animal farms. For each, say whether you think the practice is acceptable or unacceptable: Physically castrating pigs without anesthetic (N=617)

| | All | D | - 1 |
|----------------|-----|----|-----|
| Acceptable | 16 | 9 | 25 |
| Not Acceptable | 84 | 91 | 75 |
| | | | |

Below are a series of practices common on animal farms. For each, say whether you think the practice is acceptable or unacceptable: Keeping pigs in tight cages for weeks where they cannot turn around (N=617)

| | All | D | |
|----------------|-----|----|----|
| Acceptable | 12 | 10 | 15 |
| Not Acceptable | 88 | 90 | 85 |

Below are a series of practices common on animal farms. For each, say whether you think the practice is acceptable or unacceptable: Keeping chickens in cages about as tight a standard sheet of paper (N=617)

| | All | D | I |
|----------------|-----|----|----|
| Acceptable | 14 | 10 | 18 |
| Not Acceptable | 86 | 90 | 82 |
| | | | |

Below are a series of practices common on animal farms. For each, say whether you think the practice is acceptable or unacceptable: Killing newborn male chicks with a meat grinder because they cannot lay eggs (N=617)

| | All | D | |
|----------------|-----|----|----|
| Acceptable | 13 | 11 | 15 |
| Not Acceptable | 87 | 89 | 85 |
| | | | |

Below are a series of practices common on animal farms. For each, say whether you think the practice is acceptable or unacceptable: Cutting off the beaks of newborn chicks so they don't peck at each other on the farm (N=617)

| | All | D | |
|----------------|-----|----|----|
| Acceptable | 22 | 15 | 31 |
| Not Acceptable | 78 | 85 | 69 |

Below are a series of practices common on animal farms. For each, say whether you think the practice is acceptable or unacceptable: Breeding chickens so they put on weight so quickly they often break their own legs (N=617)

| | All | D | I |
|----------------|-----|----|----|
| Acceptable | 17 | 14 | 21 |
| Not Acceptable | 83 | 86 | 79 |
| | | | |

Below are a series of practices common on animal farms. For each, say whether you think the practice is acceptable or unacceptable: Slaughtering fish by freezing them to death (N=617)

| | All | D | I |
|----------------|-----|----|----|
| Acceptable | 34 | 30 | 40 |
| Not Acceptable | 66 | 70 | 60 |
| | | | |

Below are a series of practices common on animal farms. For each, say whether you think the practice is acceptable or unacceptable: Suffocating them by removing them from water (N=617)

| | All | D | I |
|----------------|-----|----|----|
| Acceptable | 27 | 18 | 37 |
| Not Acceptable | 73 | 82 | 63 |

Below are some ways that technologies could be used in animal farming. For each, say whether you think it is a good use of technology or a bad use of technology. Using gene editing to create pigs that never develop boar taint (Boar tain refers to a strong, unpleasant odor that develops in the meat of uncastrated pigs. In the US pork industry, this has led to male pigs being castrated with a knife) (N=617)

| | All | D | I |
|------------------------|-----|----|----|
| Good use of technology | 69 | 69 | 69 |
| Bad use of technology | 31 | 31 | 31 |

Below are some ways that technologies could be used in animal farming. For each, say whether you think it is a good use of technology or a bad use of technology Developing a way to remove boar taint via a shot, rather than through castration with a knife (N=617)

| | All | D | |
|------------------------|-----|----|----|
| Good use of technology | 81 | 84 | 77 |
| Bad use of technology | 19 | 16 | 23 |

Below are some ways that technologies could be used in animal farming. For each, say whether you think it is a good use of technology or a bad use of technology Using AI and computer vision to detect whether animals are being slaughtered humanely (N=617)

| | All | D | I |
|------------------------|-----|----|----|
| Good use of technology | 74 | 77 | 71 |
| Bad use of technology | 26 | 23 | 29 |

Below are some ways that technologies could be used in animal farming. For each, say whether you think it is a good use of technology or a bad use of technology Using AI and computer vision to monitor the weights of each animal so they can be sent to slaughter at the optimal time (N=617)

| | All | D | |
|------------------------|-----|----|----|
| Good use of technology | 74 | 73 | 76 |
| Bad use of technology | 26 | 27 | 24 |
| | | | |

In the US poultry industry, chicks are generally hatched at a "hatchery," and then transported to the farm where they'll be raised. For each of the following, say whether you think it is a good use of technology or a bad use of technology: Developing technology to hatch eggs on the farm, so that live chicks don't have to be transported long distances (N=617)

| | All | D | |
|------------------------|-----|----|----|
| Good use of technology | 84 | 85 | 82 |
| Bad use of technology | 16 | 15 | 18 |

In the US poultry industry, chicks are generally hatched at a "hatchery," and then transported to the farm where they'll be raised. For each of the following, say whether you think it is a good use of technology or a bad use of technology: Developing technology to hatch eggs on the farm, so that chicks can start gaining weight as quickly as possible (N=617)

| | All | D | |
|------------------------|-----|----|----|
| Good use of technology | 63 | 65 | 61 |
| Bad use of technology | 37 | 35 | 39 |

In the US poultry industry, chicks are generally hatched at a "hatchery," and then transported to the farm where they'll be raised. For each of the following, say whether you think it is a good use of technology or a bad use of technology: Developing technology to hatch eggs on the farm, so that chicks are not exposed to disease during transportation (N=617)

| | All | D | I |
|------------------------|-----|----|----|
| Good use of technology | 87 | 88 | 85 |
| Bad use of technology | 13 | 12 | 15 |
