ACTIVE JEWELRY

Wholesale Fall / Holiday 2024

Woman-owned, women-led, adventure-ready

We are a team of active women making jewelry for other active women. Our jewelry is delicate & durable and designed to withstand the rigors of a life lived in motion. Founded in 2008, we are proud to be the leader for handcrafted jewelry in the active space.

We believe in integrity...in our product as well as in the spirit of business

We handcraft our jewelry in our sunny studio in downtown Bend, OR and we source our metal components and gemstones primarily from Fair Trade and/or women-led companies. The culture in our company is one of community, creativity and a strong ethic of work/life balance.

Our core values

We fancy ourselves to be pretty easy going folks - but when it comes to environmental and social issues, we are quite serious indeed. We are honored to share profits with and partner with forward-thinking organizations that are enacting positive change in the world and helping us all be more aware and responsible in our actions.

1 year warranty

We have a 1 year warranty on everything we make and we have a robust repair program for items not covered by our warranty. Our repair program is easy, timely and reasonably priced.

Adventure just
got more beautiful
