English Willow Bespoke Weave

Colourful Bespoke Weaves For English Willow Coffins

An alternative to spray-painted coffins, our bespoke weave provides the opportunity to create a coffin which is truly unique and individual. Each band of willow is carefully hand-dyed before the strands are weaved together. A highly personalised option, with a range of natural colours to choose from, this option offers the opportunity to create a beautiful coffin featuring subtle, single colour bands or a more distinctive multi-coloured effect. The willow used is grown and harvested in Somerset.

Given the nature of this option, we are happy to discuss individual requests and selections. Please contact us for more information.
