SAMPLE SCRIPT

“Hello, I’m calling about immediate medical care needed for Leonard Peltier, a 79 year-old federal prisoner. His prisoner number is **89637-132**, and he’s in USP Coleman 1.

We need [name of Senator or Representative]’s assistance.

1) First, Leonard must see an eye specialist without further delay. His loss of vision poses serious risk of him falling, and he depends on other prisoners to perform basic life activities.

2) Second, Leonard is in constant pain and has multiple severe health conditions requiring immediate and ongoing medical care.

I am asking (Sen/Rep) to request an **immediate transfer** for Leonard Peltier to the Federal Medical Prison Facility in Rochester Minnesota (FCI Rochester) where he can get treatment for all of his medical conditions.

I also urge the Sen/Rep to advocate for elder Leonard Peltier’s **release** so he can receive healthcare outside of prison and be with loved ones and community. Immediate release is proper and humane given his advanced age and medical conditions. Thank You.”
