- The charts to left show matchmaking by TV and SR
- Season 5 shows the tightest correlation between TV and SR
- Season 6 and 7 are more varied, but this could be because coaches can now choose up to what tv difference they play against
- The next slide shows Matches Played vs SR

Ladder Matchmaking

- As can be seen on the right, seasons 4 and 5 have a wide variation on the matches played difference
- This has got tighter in season 6 and 7 and show changes to the matchmaking are heading in the right direction
