

## #STOPSUPERSPEEDERS WEEK OF ACTION

June 2 - 6, 2025 | #StopSuperSpeeders

SB4045/A2229

Thank you for joining us for our critical #StopSuperSpeeders week of action.

Every day, reckless, repeat speeders are endangering lives on New York streets— but we can do something about it **THIS legislative session**. Bills have passed elsewhere, but New York's is the strongest, most comprehensive bill and will be a model for the nation.

With less than two weeks left, we're at a critical moment in our fight to #StopSuperSpeeders by using *Intelligent Speed Assistance (ISA)* in the vehicles of the most reckless drivers. That's why, we're coordinating a *Week of Action* to flood our legislators in Albany with calls, emails, and social media posts demanding that the Speed Limiters for Repeat Offenders bill (SB4045/A2229) passes before the Senate adjourns on June 12th and the legislative session ends on June 17th.

For next week, we are focusing on getting this passed in the Senate and need your help. Decisions are already being made, and now is the time to act.

Your organization and your members' voices can help get this over the finish line!

Every day, three New Yorkers are killed in a traffic crash. And a small group of “super speeders” — drivers who ignore repeated speed or red light camera violations — are disproportionately responsible.

But there’s a solution – the Speed Limiters for Repeat Offenders Act (S4045/A2299).

That is why we are joining with Families for Safe Streets for the #StopSuperSpeeders Week of Action. Please join us to take action in these 3 easy ways:

**1. Contact Leadership:**

- Contact Senate Majority Leader Stewart Cousins, Deputy Majority Leader Michael Gianaris, and Codes Committee Chair Zellnor Myrie

**2. Engage on social media**

- Tag Senate leadership
- Share toolkit graphics and sample posts with hashtags

**3. Call your representative**

- Contact your representative and urge them to support the bill

👉 Use the [#StopSuperSpeeders Week of Action Toolkit](#) to contact elected officials and show your support on social media. It has sample emails, phone scripts, social media posts and more.

Thank you!

Dear [TITLE NAME]

I am writing as a concerned New Yorker who wants to see our state lead the way in protecting families and communities from reckless, repeat speeders who are disproportionately killing and injuring our neighbors, friends and relatives.

You have the power to help ensure that the #StopSuperSpeeders bill (S4045) passes the Senate before they adjourn. This legislation is modeled after proven drunk driving prevention laws and would use anti-speeding technology to stop these reckless drivers from causing harm.

Only 1.5% of vehicles receive 6 or more speed camera tickets in a year, yet they're involved in over 20% of pedestrian deaths in New York City. That statistic is horrifying — and entirely preventable.

[PERSONALIZE: Add why this is important to you.]

You have consistently stood for public safety and bold leadership. Now is the moment to act. Please make passing this bill a top priority this legislative session. We are counting on you..

Sincerely,

[Your Full Name]

Hi, my name is [Name], and I live in [LOCATION]. I'm calling to urge you to stop super speeders and pass S4045, the Speed Limiters for Repeat Offenders bill, **this legislative session.** This bill will stop these dangerous drivers from endangering others and save lives by requiring proven anti-speeding technology for the worst offenders.

[PERSONALIZE: Add why this is important to you.]

This is a high priority for me and my community to ensure we have safe streets. We are counting on [TITLE NAME] to ensure it passes the Senate before it adjourns. Thank you!

### POST THIS 👉

If someone told you that 1.5% of drivers were causing over 20% of pedestrian deaths in NYC — wouldn't you want to stop them? That's exactly what SB4045 does.

@AndreaSCousins @SenGianaris @SenatorMyrie

#StopSuperSpeeders NOW!

**POST THIS** 👉

What if we told you there is someone with over 500 speeding tickets near schools in less than a year and we could slow them down?

That's why passing SB4045 in the Senate now matters!  
@AndreaSCousins @SenGianaris @SenatorMyrie

Pass SB4045 now.  
#StopSuperSpeeders

**POST THIS** 👉

We know who's responsible:

🚨 1.5% of vehicles = 20% of pedestrian deaths

🚨 Super speeders are 5x more dangerous – causing crashes that kill and injure

We know what works:

✅ Speed limiters.

Now we need NY leadership to act.

@AndreaSCousins @SenGianaris @SenatorMyrie: Pass SB4045 now.  
#StopSuperSpeeders
