This brochure provides information about the qualifications and business practices of Dent Asset Management. If you have any questions about the contents of this brochure, please contact us at 225-922-9955 or dg@dentgroup.com. The information in this brochure has not been approved or verified by the United States Securities and Exchange Commission or by any state securities authority.

Additional information about Dent Asset Management also is available on the SEC's website at www.adviserinfo.sec.gov. You can search this site by a unique identifying number, known as a CRD number. Our firm's CRD number is 151943.

Item 2 - Material Changes

The SEC adopted "Amendments to Form ADV" in July, 2010. This Firm Brochure is our disclosure document prepared according to the SEC's requirements and rules. As you will see, this document is a narrative that is substantially different in form and content and includes some new information that we were not previously required to disclose.

There have been no material changes in this brochure since the last time it was filed.

Item 4 - Advisory Business

Dent Asset Management is a registered investment adviser (RIA) with the Securities and Exchange Commission (SEC). Its principal place of business located in Louisiana. Dent Asset Management began conducting business as an RIA in 2009. Prior to 2009 Dent Asset Management was an investment advisor representative of Raymond James Financial Services, Inc.

Fred Dent CFA is the principal shareholder of the firm and controls 100% of the company.

Dent Asset Management offers the following advisory services to our clients:

**INVESTMENT SUPERVISORY SERVICES ("ISS")
INDIVIDUAL PORTFOLIO MANAGEMENT**

Our firm provides continuous advice to our clients regarding the investment of client funds based on the individual needs of the client. Through personal discussions, in which goals and objectives based on a client's particular circumstances are established, we develop a client's personal investment approach and create and manage a portfolio based on that approach. During our data-gathering process, we determine the client's individual objectives, time horizons, risk tolerance, and liquidity needs. As appropriate, we also review and discuss a client's prior investment history, as well as family composition and background.

We manage these advisory accounts on a discretionary basis. Account supervision is guided by the client's stated objectives (i.e., maximum capital appreciation, growth, income, or growth and income), as well as tax considerations.

Clients may impose reasonable restrictions on investing in certain securities, types of securities, or industry sectors.

Our investment recommendations are not limited to any specific product or service offered by a broker-dealer or insurance company and will generally include advice regarding the following securities:

- Exchange-listed securities
- Securities traded over-the-counter
- Corporate debt securities (other than commercial paper)
- Certificates of deposit
- Municipal securities
- Mutual fund shares
- United States government securities
- Exchange traded funds (ETFs)

Because some types of investments involve certain additional degrees of risk, they will only be implemented or recommended when they are consistent with the client's stated investment objectives, tolerance for risk, liquidity, and suitability.

AMOUNT OF MANAGED ASSETS

As of 12/31/2015, we were actively managing \$184,000,000 of clients' assets on a discretionary basis.

Item 5 - Fees and Compensation

INVESTMENT SUPERVISORY SERVICES INDIVIDUAL PORTFOLIO MANAGEMENT FEES

Our annual fees for Investment Supervisory Services are based upon a percentage of assets under management and generally range from **1.00%** to **0.75%**.

Our fees are billed in arrears at the end of each calendar quarter based upon the value (market value or fair market value in the absence of market value) of the client's account at the end of the previous quarter. Fees are debited from the account in accordance with the client authorization in the Client Services Agreement.

A minimum of **\$2,000,000** of assets under management is required for this service. This account size may be negotiable under certain circumstances. Dent Asset Management may group certain related client accounts for the purposes of achieving the minimum account size and determining the annualized fee.

Limited Negotiability of Advisory Fees: Although Dent Asset Management has established the aforementioned fee schedule, we retain the discretion to negotiate alternative fees on a client-by-client basis. Client facts, circumstances, and needs will be considered in determining the fee schedule. These include the complexity of the client, assets to be placed under management, anticipated future additional assets, related accounts, portfolio style, account composition, reports, and other factors. The specific annual fee schedule will be identified in the contract between the adviser and each client.

Discounts, not generally available to our advisory clients, may be offered to family members and friends of associated persons of our firm.

GENERAL INFORMATION

Termination of the Advisory Relationship: A client agreement may be canceled at any time, by either party, for any reason per the terms of their Management Contract.

Mutual Fund Fees: All fees paid to Dent Asset Management for investment advisory services are separate and distinct from the fees and expenses charged by mutual funds and/or ETFs to their shareholders. These fees and expenses are described in each fund's prospectus. These fees will generally include a management fee, other fund expenses, and a possible distribution fee. If the fund also imposes sales charges, a client may pay an initial or deferred sales charge. A client could invest in a mutual fund directly without our services. In that case, the client would not receive the services provided by our firm which are designed, among other things, to assist the client in determining which mutual fund or funds are most appropriate to each client's financial condition and objectives. Accordingly, the client should review both the fees charged by the funds and our fees to fully understand the total amount of fees to be paid by the client and to thereby evaluate the advisory services being provided.

Additional Fees and Expenses: In addition to our advisory fees, clients are also responsible for the fees and expenses charged by custodians and imposed by broker dealers, including, but not limited to, any transaction charges imposed by a broker-dealer with which an independent investment manager effects transactions for the client's account(s). Please refer to the "Brokerage Practices" section (Item 12) of this Form ADV for additional information.

Grandfathering of Minimum Account Requirements: Pre-existing advisory clients are subject to Dent Asset Management's minimum account requirements and advisory fees in

effect at the time the client entered into the advisory relationship. Therefore, our firm's minimum account requirements will differ among clients.

ERISA Accounts: Dent Asset Management is deemed to be a fiduciary to advisory clients that are employee benefit plans or individual retirement accounts (IRAs) pursuant to the Employee Retirement Income and Securities Act ("ERISA"). As such, our firm is subject to specific duties and obligations under ERISA and the Internal Revenue Code that include, among other things, restrictions concerning certain forms of compensation. To avoid engaging in prohibited transactions, Dent Asset Management may only charge fees for investment advice about products for which our firm and/or our related persons do not receive any commissions or 12b-1 fees.

Advisory Fees in General: Clients should note that similar advisory services may (or may not) be available from other registered (or unregistered) investment advisers for similar or lower fees.

Item 6 - Performance-Based Fees and Side-By-Side Management

Dent Asset Management does not charge performance-based fees.

Item 7 - Types of Clients

Dent Asset Management provides advisory services to the following types of clients:

- Individuals (other than 'high-net-worth' individuals)
- 'High-net-worth' individuals
- Pension and profit sharing plans (other than plan participants)
- Charitable organizations
- Corporations or other businesses not listed above

As previously disclosed in Item 5, our firm has established certain initial minimum account requirements, based on the nature of the service(s) being provided. For a more detailed understanding of those requirements, please review the disclosures provided in each applicable service.

Item 8 - Methods of Analysis, Investment Strategies, and Risk of Loss

METHODS OF ANALYSIS

We use the following methods of analysis in formulating our investment advice and/or managing client assets:

Fundamental Analysis: We attempt to measure the intrinsic value of a security by looking at economic and financial factors (including the overall economy, industry conditions, and the financial condition and management of the company) to determine if the security is underpriced (indicating that it may be a good time to buy) or overpriced (indicating that it may be time to sell).

Fundamental analysis does not attempt to anticipate market movements. This presents a potential risk because the price of a security can move up or down along with the overall market regardless of the economic and financial factors considered in evaluating the security.

Asset Allocation: Rather than focusing primarily on securities selection, we attempt to identify an appropriate ratio of securities, fixed income, and cash suitable to the client's investment goals and risk tolerance.

A risk of asset allocation is that the client may not participate in sharp increases in a particular security, industry or market sector. Another risk is that the ratio of securities, fixed income, and cash will change over time due to stock and market movements and, if not corrected, will no longer be appropriate for the client's goals.

Mutual Fund and/or ETF Analysis: We look at the experience and track record of the manager of the mutual fund or ETF in an attempt to determine if the manager has demonstrated an ability to invest over a period of time and in different economic conditions. We also look at the underlying assets in a mutual fund or ETF in an attempt to determine if there is significant overlap in the underlying investments held in another fund(s) in the client's portfolio. We also monitor the funds or ETFs in an attempt to determine if they are continuing to follow their stated investment strategy.

A risk of mutual fund and/or ETF analysis is that, as in all securities investments, past performance does not guarantee future results. A manager who has been successful may not be able to replicate that success in the future. In addition, because we do not control the underlying investments in a fund or ETF, managers of different funds held by the client may purchase the same security thereby increasing the risk to the client if that security were to fall in value. There is also a risk that a manager may deviate from the stated investment mandate or strategy of the fund or ETF which could make the holding(s) less suitable for the client's portfolio.

Risks for all forms of analysis: Our securities analysis methods rely on the assumption that the companies whose securities we purchase and sell, the rating agencies that review these securities, and other publicly-available sources of information about these securities, are providing accurate and unbiased data. While we are alert to indications that data may be incorrect, there is always a risk that our analysis may be compromised by inaccurate or misleading information.

INVESTMENT STRATEGIES

We use the following strategy(ies) in managing client accounts provided that such strategy(ies) are appropriate to the needs of the client and consistent with the client's investment objectives, risk tolerance, and time horizons, among other considerations:

Long-term purchases: We purchase securities with the idea of holding them in the client's account for a year or longer. Typically we employ this strategy when:

- we believe the securities to be currently undervalued, and/or
- we want exposure to a particular asset class over time, regardless of the current projection for this class.

A risk in a long-term purchase strategy is that by holding the security for this length of time, we may not take advantages of short-term gains that could be profitable to a client. Moreover, if our predictions are incorrect, a security may decline sharply in value before we make the decision to sell.

Risk of Loss: Securities investment returns are not guaranteed and you may lose money on your investments. We ask that you work with us to help us understand your tolerance for risk.

Item 9 - Disciplinary Information

We are required to disclose any legal or disciplinary events that are material to a client's or prospective client's evaluation of our advisory business or the integrity of our management.

Our firm and our management personnel have no reportable disciplinary events to disclose.

Item 10 - Other Financial Industry Activities and Affiliations

Our firm and our related persons are not engaged in other financial industry activities and have no other industry affiliations.

Item 11 - Code of Ethics, Participation or Interest in Client Transactions, and Personal Trading

Our firm has adopted a Code of Ethics which sets forth high ethical standards of business conduct that we require of our employees, including compliance with applicable federal securities laws.

Dent Asset Management and our personnel owe a duty of loyalty, fairness, and good faith toward our clients and have an obligation to adhere not only to the specific provisions of the Code of Ethics but to the general principles that guide the Code.

Our Code of Ethics includes policies and procedures for the review of quarterly securities transactions reports as well as initial and annual securities holdings reports that must be submitted by the firm's access persons. Among other things, our Code of Ethics also requires

the prior approval of any acquisition of securities in a limited offering (e.g., private placement) or an initial public offering. Our code also provides for oversight, enforcement and recordkeeping provisions.

Dent Asset Management's Code of Ethics further includes the firm's policy prohibiting the use of material non-public information. While we do not believe that we have any particular access to non-public information, all employees are reminded that such information may not be used in a personal or professional capacity.

A copy of our Code of Ethics is available to our advisory clients and prospective clients. You may request a copy by email sent to dg@dentgroup.com, or by calling us at 225-922-9955.

Dent Asset Management and individuals associated with our firm are prohibited from engaging in principal transactions.

Dent Asset Management and individuals associated with our firm are prohibited from engaging in agency cross transactions.

Our Code of Ethics is designed to assure that the personal securities transactions, activities and interests of our employees will not interfere with (i) making decisions in the best interest of advisory clients and (ii) implementing such decisions while, at the same time, allowing employees to invest for their own accounts.

Our firm and/or individuals associated with our firm may buy or sell for their personal accounts securities identical to or different from those recommended to our clients. In addition, any related person(s) may have an interest or position in a certain security(ies) which may also be owned by a client.

It is the expressed policy of our firm that no person employed by us may purchase or sell any security prior to a transaction(s) being implemented for an advisory account, thereby preventing such employee(s) from benefiting from transactions placed on behalf of advisory accounts.

Because these situations represent actual or potential conflicts of interest to our clients, we have established the following policies and procedures for implementing our firm's Code of Ethics to ensure our firm complies with its regulatory obligations and provides our clients and potential clients with full and fair disclosure of such conflicts of interest:

1. No principal or employee of our firm may put his or her own interest above the interest of an advisory client.
2. No principal or employee of our firm may buy or sell securities for their personal portfolio(s) where their decision is a result of information received as a result of his or her employment unless the information is also available to the investing public.
3. It is the expressed policy of our firm that no person employed by us may purchase or sell any security prior to a transaction(s) being implemented for an advisory account. This prevents such employees from benefiting from transactions placed on behalf of advisory accounts.
4. Our firm requires prior approval for any IPO or private placement investments by related persons of the firm.
5. We maintain a list of all reportable securities holdings for our firm and anyone associated

with this advisory practice that has access to advisory recommendations ("access person"). These holdings are reviewed on a regular basis by our firm's Chief Compliance Officer or his/her designee.

6. We have established procedures for the maintenance of all required books and records.
7. All of our principals and employees must act in accordance with all applicable Federal and State regulations governing registered investment advisory practices.
8. We require delivery and acknowledgement of the Code of Ethics by each supervised person of our firm.
9. We have established policies requiring the reporting of Code of Ethics violations to our senior management.
10. Any individual who violates any of the above restrictions may be subject to termination.

Item 12 - Brokerage Practices

Because our firm does not have the discretionary authority to determine the broker-dealer to be used or the commission rates to be paid, clients must direct Dent Asset Management as to the broker-dealer to be used.

Dent Asset Management *requests* that clients direct us to place trades through Raymond James Financial Services ("Broker"). Dent Asset Management has evaluated Raymond James Financial Services and believes that it will provide our clients with a blend of execution services, commission costs, and competence that will assist our firm to meet our fiduciary obligations to clients.

We reserve the right to decline acceptance of any client account for which the client directs the use of a broker other than Raymond James Financial Services if we believe that this choice would hinder our fiduciary duty to the client and/or our ability to service the account. In directing the use of Raymond James Financial Services, it should be understood that Dent Asset Management will not have authority to negotiate commissions or to necessarily obtain volume discounts, and best execution may not be achieved. In addition, a disparity in commission charges may exist between the commissions charged to the client and those charged to other clients (who may direct the use of another broker).

Clients should note that, while Dent Asset Management has a reasonable belief that Raymond James Financial Services is able to obtain best execution and competitive prices, our firm will not be independently seeking best execution price capability through other brokers. Not all advisers require clients to direct it to use a particular broker-dealer.

As a matter of policy and practice, Dent Asset Management does not generally 'block' (aggregate) client trades and, therefore, we implement client transactions separately for each account. Consequently, certain client trades may be executed before others at a different price and/or commission rate. Additionally, our clients may not receive volume discounts available to advisers who 'block' client trades.

Item 13 - Review of Accounts

INVESTMENT SUPERVISORY SERVICES INDIVIDUAL PORTFOLIO MANAGEMENT

Reviews: While the underlying securities within Individual Portfolio Management Services accounts are continually monitored, client accounts are reviewed periodically. Accounts are reviewed in the context of each client's stated investment objectives and guidelines. More frequent reviews may be triggered by material changes in variables such as the client's individual circumstances, or the market, political, and economic environment.

These accounts are reviewed by: Fred Dent CFA, Zaheer Poptani LLB, MBA MA and Mawe Takyi CFP®.

Reports: In addition to the monthly statements and confirmations of transactions that clients receive from their broker-dealer, we provide quarterly reports summarizing account investment return, balances, and holdings.

Item 14 - Client Referrals and Other Compensation

It is Dent Asset Management's policy not to engage solicitors or to pay related or non-related persons for referring potential clients to our firm.

It is Dent Asset Management's policy not to accept or allow our related persons to accept any form of compensation, including cash, sales awards or other prizes, from a non-client in conjunction with the advisory services we provide to our clients.

Item 15 - Custody

We previously disclosed in the "Fees and Compensation" section (Item 5) of this Brochure that our firm directly debits advisory fees from client accounts.

As part of this billing process, the client's custodian is advised of the amount of the fee to be deducted from that client's account. On at least a quarterly basis, the custodian is required to send to the client a statement showing all transactions within the account during the reporting period.

Because the custodian does not calculate the amount of the fee to be deducted, it is important for clients to carefully review their custodial statements to verify the accuracy of the calculation, among other things. Clients should contact us directly if they believe that there may be an error in their statement.

Our firm does not have actual or constructive custody of client accounts.

Item 16 - Investment Discretion

Clients hire us to provide discretionary asset management services, in which case we place

trades in a client's account without contacting the client prior to each trade to obtain the client's permission.

Our discretionary authority includes the ability to do the following without contacting the client:

- Determine the security to buy or sell; and/or
- Determine the amount of the security to buy or sell

Clients give us discretionary authority when they sign a discretionary agreement with our firm and may limit this authority by giving us written instructions. Clients may also change/amend such limitations by once again providing us with written instructions.

Item 17 - Voting Client Securities

As a matter of firm policy, we do not vote proxies on behalf of clients. Therefore, although our firm may provide investment advisory services relative to client investment assets, clients maintain exclusive responsibility for: (1) directing the manner in which proxies solicited by issuers of securities beneficially owned by the client shall be voted, and (2) making all elections relative to any mergers, acquisitions, tender offers, bankruptcy proceedings or other type events pertaining to the client's investment assets. Clients are responsible for instructing each custodian of the assets to forward to the client copies of all proxies and shareholder communications relating to the client's investment assets.

We do not offer any consulting assistance regarding proxy issues to clients.

Item 18 - Financial Information

Dent Asset Management has no additional financial circumstances to report.

Under no circumstances do we require or solicit payment of fees in excess of \$1200 per client more than six months in advance of services rendered. Therefore, we are not required to include a financial statement.

Dent Asset Management has not been the subject of a bankruptcy petition at any time during the past ten years.

Item 1 - Coversheet

Part 2B of Form ADV: *Brochure Supplement*

Fred Columbus Dent III

In passing these exams, candidates demonstrate their competence, integrity, and extensive knowledge in accounting, ethical and professional standards, economics, portfolio management, and security analysis.

Item 3 - Disciplinary Information

Fred Columbus Dent III has no reportable disciplinary history.

Item 4 - Other Business Activities

Investment-Related Activities:

1. Fred Columbus Dent III is not engaged in any other investment related activities.

2. Fred Columbus Dent III does not receive commissions, bonuses, or other compensation on the sale of securities or other investment products.

Non Investment-Related Activities:

Fred Columbus Dent III is not engaged in any other business or occupation that provides substantial compensation or involves a substantial amount of his or her time.

Item 5 - Additional Compensation

Fred Columbus Dent III does not receive any economic benefit from a non-advisory client for the provision of advisory services.

Item 6 - Supervision

Supervisor: Zaheer Poptani

Title: Chief Compliance Officer

Phone Number: 225-922-9955

Responsibility

Every employee has a responsibility for knowing and following the firm's policies and procedures. Every person in a supervisory role is also responsible for those individuals under his/her supervision. The Principal has overall supervisory responsibility for the firm. Zaheer Poptani, as the Compliance Officer, has the overall responsibility for administering, monitoring, and testing compliance with Dent Asset Management's policies and procedures. Possible violations of these policies or procedures will be documented and reported for remedial action.

Procedure

Dent Asset Management has adopted various procedures to implement the firm's policy, conducts reviews of internal controls to monitor and ensure the firm's supervision policy is observed, implemented properly and amended or updated, as appropriate which including the following:

- Designation of a Chief Compliance Officer as responsible for implementing and monitoring the firm's compliance policies and procedures.
- An Annual Compliance Meeting and on-going and targeted compliance training.
- Procedures for screening the background of potential new employees.
- Initial training of newly hired employees about the firm's compliance policies.
- Adoption of these written policies and procedures with statements of policy, designated persons responsible for the policy and procedures designed to implement and monitor the firm's policy.
- Annual review of the firm's policies and procedures by the Compliance Officer and senior management.
- Periodic reviews of employees' activities, e.g., personal trading.
- Annual written representations by employees as to understanding and abiding by the firm's policies.
- Supervisory reviews and sanctions for violations of the firm's policies or regulatory requirements.

Item 2 - Educational, Background and Business Experience

Full Legal Name: Zaheer Poptani **Born:** 1977

Education:

- University of Exeter; LLB, Law; 1998
- Louisiana State University; MA, Political Science; 2000
- Louisiana State University; MBA, Business Administration; 2002

Business Experience:

- Dent Asset Management; Chief Compliance Officer; from 5/1/2000 to Present

Item 3 - Disciplinary Information

Zaheer Poptani has no reportable disciplinary history.

Item 4 - Other Business Activities

Investment-Related Activities

Zaheer Poptani is not engaged in any other investment-related activities.

Zaheer Poptani does not receive commissions, bonuses or other compensation on the sale of securities or other investment products.

Non Investment-Related Activities

Zaheer Poptani is not engaged in any other business or occupation that provides substantial compensation or involves a substantial amount of his or her time.

Item 5 - Additional Compensation

Zaheer Poptani does not receive any economic benefit from a non-advisory client for the provision of advisory services.
